EDUCATION

- **Panipat Institute of Engineering and Technology, Panipat (PIET)**
B. Tech in Computer Science CGPA – 8

August 2022–July 2025
Haryana, India

EXPERIENCE

- **Singhania Finishers**
Intern (MERN Stack)
Panipat, India
March 2024 – August 2024
 - **Admin Panel Integration:** Developed and optimized an admin panel for seamless integration with backend services and databases.
 - **Feature Enhancement:** Enhanced admin functionalities, including analytics, search, filter, and advanced data management operations.

PROJECTS

EdUniHub / *Tailwind CSS, JavaScript, React.js, Node.js, Express.js, MongoDB.*

- Developed a comprehensive online learning platform that offers users access to various educational resources.
- Designed and built a responsive and user-friendly frontend using React, once logged in users can access video lectures, pdf notes and previous year question papers.

TrendLoom: | *Tailwind CSS, JavaScript, React.js, Node.js, Express.js, MongoDB*

- A scalable e-commerce platform for lifestyle products, with collections-based browsing, secure payments via Razorpay, and Cloudinary-powered media management. Built with React, Node.js, Express.js, and MongoDB.

TechTonic (Blog Website): | *Tailwind CSS, React.js, Node.js, Express.js, MongoDB*

- Designed and developed a responsive blog platform using MongoDB, Express.js, React.js, and Node.js. Implemented user authentication with JWT for secure access and role-based content management. Enabled users to create, edit, delete, and manage blog posts with a rich text editor.

Google Docs: | *Tailwind CSS, Next.js, Convex, Clerk, Liveblocks*

- This project aims to create a web-based scalable interactive document collaboration platform. It will feature real-time editing, AI content generation, and document sharing but will lack offline editing support in its first iteration.

SKILLS

Languages: C++, Java

Soft Skills: Strong Communication, Client Handling, Problem-Solving, Team Collaboration

Frontend Technology: HTML, Tailwind CSS, JavaScript, React.js

Backend Technology: Node.js, PHP, REST API

Framework: Express.js, CodeIgniter

Designing: Figma

Database Technology: MySQL, MongoDB

Developer Tools: Visual Studio Code, GitHub,

State Management & Data Fetching: Redux, TanStack Query (React Query)
